DESCRIPTION

The CSUN 390 watt monocrystalline XL solar panel is high power output, reliable panel at an attractive low price. The CSUN390-72MH solar panel is made up of 72 monocrystalline silicon solar cells on a white backsheet with a silver anodized aluminum frame. Built and certified to withstand a maximum 5400 Pa snow load and 2400 Pa wind load. This high-power monocrystalline solar panel operates at an impressive 20.14% efficiency to maximize the light absorption area. The CSUN 390 watt solar panel delivers higher output in high temperature regions and excellent performance under low light conditions.

The CSUN 390's efficiency and reliability make it ideal for large scale solar projects, as well as utility grid-tied commercial and residential solar panel systems. Make your own power at your business or home with this low priced solar panel. UL Certified, CEC approved, and backed by a 10-year product warranty plus a 25-year power output warranty gives peace of mind. Min Order pallet of 27 modules. Order online or by PHONE [888-498-3331](tel:888-498-3331)
